UNDERGRADUATE RESEARCH IN ARTIFICIAL INTELLIGENCE

Our undergraduate students will present fresh perspectives from their AI focused research. We hope you will join us to support and celebrate the achievements of our students and learn their experiences in topics such as:
- Ensemble Machine Learning for Fairness
- Deep Learning for Image Completion
- ChatGPT and Critical Thinking

ALINA RODRIGUEZ
RERE ADEYEMO
CHRISTIAN CLARKE

This event is co-hosted by Ai hub

ARTIFICIAL INTELLIGENCE, MODELING, AND SIMULATION LABORATORY
